THE ROLLINS SANDSPUR

EDITORIAL

Less than a month has elapsed since the first number of THE SANDSPUR was published and sent out to former teachers and students all over the country, yet the results of its work are already apparent. Numbers of friends of the college have written to us, voicing their appreciation of the magazine, and sending us news of themselves and of their friends, from whom in many cases no word had come in many years. We desire to express our appreciation of this hearty support on the part of Rollins people, which will make or mar the success of the magazine. We trust that this number will be better in every way than that which went before, and plan to make each succeeding number a trifle better yet.

The campus has taken on its spring garments, the trees are budding out into brilliant green, the altogether unusual winter weather seems to be passing on, sped by the good wishes of all who are glad to see it go, and they are legion. The lake is daily becoming the haunt of the genus boy, and everything seems to unite to tell us that Commencement is only a few short weeks away. This is the season of the year when that insidious malady known as "spring fever" assails the student, and traces of its ravages are already becoming apparent. We would exhort all who are subject to its attacks to watch and work, for the study of the next two months before the final examinations is perhaps the most important of the year.

The Glee Club has practically ended its season, the most successful in the history of the organization. To date twenty-three concerts have been sung, and the Club has made a reputation throughout the state as the finest glee

club ever sent out by a Florida school. There will be no trouble in securing dates for next year; in fact, it seems probable that the Club will be unable to fill half of the dates which we could secure. Best result of all, the season shows a balance of approximately \$200 in favor of the organization, this being the first year in which the Club has not run behind. All due credit should be given Mr. Landstreet the Manager, who has worked with great energy and success on the financial end of the season. His success is a feather in his cap.

There seems to be some divergence of opinion as to the precise duties of the manager of the Glee Club. There are those who think that the dates of the Club are scarcely of less importance than dates of a more personal nature. There are those who think that among the duties of the position should be placed the entertainment of young ladies of recent acquaintance while the ladies of the Club party stand on the wharf delaying the embarkation while waiting for their tickets. There are those who feel that any suggestion of the Director should be met with pronounced disrespect. There are those who think that the Club ought to be left to find its way home as best it may, with no provision made for supper after reaching Winter Park. There are those who think that it is a prerogative of the managerial position to secure a room at the Ormond Hotel for self and friend, while two members of the faculty of the college are left to sleep in the chauffeurs' quarters. Perhaps they are right. But it occurs to us that possibly a certain amount of consideration for the rights and feelings of others would conduce considerably to the popularity of certain young men.

During the trip which President Blackman recently made down the West Coast, he delivered the Commencement Address at the High School of Punta Gorda. This moves us to remark that, whatever the local reasons responsible for a High School Commencement at this season of the year, it seems to us a deplorable state of affairs. Aside from the considerations of general education, such a situation comes straight home to us when graduates from the High Schools come to Rollins, and ask for credit on their college course for work done in the High Schools. Students prepared in this way cannot carry a college course with the ease which more thorough work would have developed, and find it difficult to keep up the standard of work set in their classes here. Probably the reasons for this early closing are all-compelling, but in any case, it seems to us a regrettable condition.

By breaking even with the University of Florida, Rollins remains tied for the State Championship with that institution. Florida eliminated Stetson by defeating her three games out of four, and in any event Stetson's cus-

tomary raking up of mouldy excuses for not meeting the teams which she feels superior to herself would put her out of the running. Columbia was never in it, for one reason, her team is so palpably bought up that it could not be classed as a college team even in a state where "ringers" are the rule rather than the exception, and in the second place, "ringers" and all, she was outplayed by the teams which she contested.

The good showing made by our boys this year is all the more satisfactory because for the first time in some years the team is practically a Rollins team, being composed of students rather than of men who are imported to play ball. The state of athletics in Florida makes such professional methods necessary—it is a case of the survival of the fittest—but we are glad that our team was a truly representative team. We look forward to, and hope for, the day when Florida institutions will form a strong Athletic Association, which will eliminate all unfair tactics from the state athletics.

COLLEGE NEWS

March 1. At six o'clock in the evening, the Glee Club left in automobiles for Apopka. One of the machines, containing Prof. Pope, Prof. Blackman, Inman and Boyer, blew out a tire on the road, and reached the church where the concert was to be given at twenty minutes to nine. In spite of the trouble, the concert was well rendered and successful, a large audience testifying their enjoyment by many encores. The Club returned the same evening to Winter Park, reaching the campus about midnight.

March 2. After supper the Glee Club and the Girls' Glee Club left for Orlando, where they gave the entire program for the closing day of the Orlando Chautauqua. The young ladies sang a twenty minute program first, and did it delightfully. The young men followed with a program of an hour, including the best of their large repertoire. The opera house was filled to the doors, and the audience seemed as enthusiastic over the singing of both clubs as has always been the case.

March 4. At three o'clock in the afternoon, the baseball teams of Rollins and the University of Florida crossed bats on the Orlando diamond in one of the most exciting games ever played by a college team here. At the close of the tenth inning Rollins pulled the game out of the fire by a score of 5 to 4. The shining star of the game for Rollins was Tommy Vaiden, who decorated the mound, opposing Price of the University. Vaiden allowed ten hits to Price's six, struck out twelve men against Price's five, and issued one pass against Price's four. In addition he won his own game in the tenth with a slashing two base hit over first, scoring Roberts and Mason.

Rollins started the scoring in the third. Porter led off with a single, and went to third on Romeike's safety. Romeike stole second, and both scored on Roberts' single. Mason advanced Roberts to second with a single, but Vaiden, Boyer and Pike were out. Florida

made a lone tally in the sixth; with one down, Taylor singled, took second on Buie's out, and scored on Lawler's hit to center. Vaiden intercepted Boyer's throw to the plate, and nailed Lawler trying for second. In the eighth Rollins added another to her score; with one gone, Vaiden was hit, advanced to second on Boyer's out, stole third, and scored when Price tried to catch him off third and the ball got away from Cuscaden. In the ninth Florida tied the score; Taylor led off with a single, Buie singled to center, and both took one more when Boyer let the ball slip through him. Lawler singled, scoring Taylor and Buie. Vaiden then tightened up, and the next three men were retired in order.

In the first half of the tenth Florida made a brave bid for the game by pushing an additional run across, on a two bagger by Price followed by a single by Taylor. But the home boys rallied, and won the game in their half of the inning; Roberts was hit by the ball, and Mason singled, sending Roberts to second, both scoring when Vaiden sent the ball over first for two bases.

Score by innings:

Florida—0 0 0 0 0 1 0 0 2 1—4.

Rollins—0 0 2 0 0 0 0 1 0 2—5.

Earned runs—Rollins 3, Florida 2. Two base hits—Price, Vaiden. First on balls—Off Vaiden 1; off Price 4. Struck out—By Vaiden 12; by Price 5. Wild pitches—Vaiden. Passed balls—Pike. Hit by pitcher—Vaiden, Roberts. Umpire, Jim Pounds.

In the evening the girls' basketball team played the second game of their series in the Armory against the Cathedral School. Playing on a strange floor and waxed for dancing at that, they never got into their stride, and were defeated 30 to 5. The playing of the Cathedral School team was of a high order, and they well earned the victory. For Rollins Miss Guiteras played a steady game at center, although even she showed the effects of the slippery floor.

March 5. At 2:15 p. m., Prof. Henry Oldys, long associated with the biological survey at Washington, and an author of wide repute, lectured in the auditorium under the auspices of the Florida Audubon Society on Bird Notes. The lecture was a description and analysis of the music of our common birds, and was illustrated by vocal and whistling imitations of these songs. The imitations were marvelously accurate, and the whole entertainment one of great charm.

At three o'clock the baseball teams of Rollins and Florida again met, this time on the home diamond in Winter Park, and the University boys turned the tables, winning by a score of 4 to 2. Pratt pitched good ball for Rollins, only allowing two hits, and passing but one man, but the hits, the lone pass, and a few errors behind him were all bunched when they meant runs. Shaw for Florida also pitched fair ball, keeping his hits well scattered.

Florida started off strong with two runs in the first; Coarsey worked Pratt for the only free trip of the game, and was well down toward second on the hit and run when Tenney sent a grounder to Landstreet. Landstreet threw over second in an attempt for a double play, and Coarsey scored, Lee holding Tenney on first. Tenney stole second, went to third on Taylor's out, and scored on Lawler's sacrifice fly to center field. Our boys came back with one in the second; with one down Pike singled to center, and went to third when the ball got away from Poage, scoring on Landstreet's single.

In the fifth Florida scored again; Swanson singled and went to third when the ball went through Lee, scoring when Landstreet let Shaw's grounder get away from him. Florida's fourth and last score came in the sixth; with one out S. Buie got on when Vaiden booted his grounder, and when Pratt threw Lawler out at first Buie went around to third. Landstreet threw to third low, and Buie tallied. In the eighth the home team started a rally, which was cut off with one run by fast fielding of the Florida boys. Lee was safe on Lawler's error, Roberts hit to left, and Lee scored when Taylor let the ball get away from him, Roberts going to second. Boyer bunted, filling the bases. It looked like more when Pike lifted the ball high and far above Taylor's head, and the runners all started to come in; but Taylor made a great backward catch of the ball, relayed it to second base, and thence to third, completing a pretty triple play which spoiled the last chance we had to tie the score.

March 6. The Glee Club party left on the morning train for Tampa, where they arrived at one o'clock after the usual hot and tiresome ride. They were quartered in private houses by the High School people, under whose auspices they sang the concert in the Tampa Bay Casino. The big Casino was well filled with an audience of over six hundred people, who seemed to enjoy the concert thoroughly. The Club won much praise in the Tampa newspapers next morning, and the concert was in every way a success. After the concert most of the members were entertained delightfully at supper at the home of Miss Kate Dawson, a former student of the school.

The members of the Glee Club were unfortunate in missing the reading of Shakespeare's Twelfth Night by Prof. Walter Brady Tripp, of the Emerson School of Oratory, which took place the same night as the Tampa concert. Prof. Tripp, who is said by the cognoscente to be the leading Shakespearian reader and impersonator in the country, gave this splendid entertainment in the auditorium through the courtesy of Pres. and Mrs. Blackman.

Prof. Tripp's interpretation of Twelfth Night was an intellectual treat which has rarely been equalled in this state. He made each character individual, "drawing pictures upon the impalpable air" by his remarkable powers of

delineation till each of the dramatis personae of Shakespeare's great play were living realities to the delighted audience.

March 7. The Glee Club left Tampa on the Favorite Line steamer Manatee for St. Petersburg, where they arrived about four o'clock in the afternoon. They were comfortably quartered in the Ansonia Hotel, and sang under the auspices of the Chautauqua a full program in the evening. The big Chautauqua auditorium was nearly filled with appreciative listeners, and the concert was perhaps the best the Club has given this year, going with unusual snap and precision. Encores were plentiful, and the Club responded as they always do; in fact, many of the encores are the most delightful numbers on the program.

March 8. The Glee Club spent the day at St. Petersburg; the quartet sang Peter Piper and Mary Had a William Goat at the High School exercises in the morning, and the Club put on a half hour "prelude" at 2:30 p. m., and a full concert again in the evening. The house was even larger than the night before, being nearly a thousand people, and they seemed to enjoy the second evening even better than the first. As illustration of the variety and interest of the Glee Club's work this year, we print the two programs in full:

March 9. The Glee Club left St. Petersburg for Manatee at 9:30 a. m., arriving about noon. That night in the High School auditorium the last concert of the trip was sung, with the usual success.

The evening was devoted at home to a card party given by the Kappa Epsilon sorority to a number of the young men of the school in the Art Studio. The studio was beautifully decorated in crimson and white carnations, and progressive hearts was played. The first prize was won by Mr. Conrad Bucher, and was a miniature K. E. girl. A delicious chafing dish supper was served, and the evening was a most enjoyable one for those present.

March 12. The Glee Club left on the morning train for Ormond, changing cars at Orange City Junction and New Smyrna, and taking about seven hours to make the trip. The ladies and Mr. Landstreet and Williams were quartered in the hotel, which was so full that the remainder of the Club had to occupy the chauffeurs' quarters near the garage. After dinner the Club crossed the Halifax River to Ormond town, and gave a concert at 7:15 to the townspeople, then recrossing the river to sing a second concert in the parlors of the hotel to the guests. A large number of guests attended the concert, and listened with marked attention and enjoyment to the various numbers, further testifying to their pleasure by substantially filling the plates passed among them. The trip netted the Club in the neighborhood of eighty dollars above expenses. The Club remained over until after luncheon the following day, and all the boys were delighted with the entertainment they received.

March 14. After supper Miss Julia B. Reed, Miss Permelia Allen, Miss Florence M. Smith and W. Clay Inman went to Orlando and furnished most of the music at a formal concert of the Rosalind Club. It is safe to say that no other school in the state can send out four artists of such ability as these in their respective lines, and the members and guests of the Club were thoroughly delighted with the even-

ing's entertainment. Each of the performers seemed to feel more than usually in trim, and the numbers were rendered with great skill and charm. The program :

En Route	Miss Smith	<i>Godard</i>
(a) At Parting		<i>Wilson G. Smith</i>
(b) An Open Secret		<i>Huntington Woodman</i>
(c) Three Little Owls		<i>Liza Lehmann</i>
	Mrs. Williams

	Mr. Inman	
Me an' Jinny For Ol' Kentucky In Florida		<i>Julia B. Reed</i>
	Miss Reed	

March 15. The Glee Club journeyed to Sanford in automobiles, and sang a concert in the evening in the auditorium of the fine High School there. Unfortunately, it saw fit to rain during the early evening, and the crowd was not as large as had been expected; yet they were perhaps the most enthusiastic audience to which the boys have sung this year. The Club sang and played unusually well, all the members seeming to feel in great shape, and those who heard them felt amply repaid for the trouble of coming out. The program rendered was the same as for the other concerts of the year. The party returned to Winter Park after the concert, reaching home about midnight, after a damp ride.

March 19. At five o'clock in the afternoon, the funeral services of Mr. C. G. Tousey were held at his home on Lake Osceola. The services were read by President Blackman, assisted by Rev. A. C. Dill, pastor of the Congrega-

tional Church; two well-known hymns were sung by a quartet composed of Mrs. Blackman, Mrs. Shepherd, Prof. Pope and Prof. Blackman. Mr. Tousey has for many years made his winter home in the town, and has made many faithful friends who mourn his loss. He has always been a staunch friend and benefactor of the college, and his place will long remain unfilled.

At eight o'clock in the evening, a concert was given under the auspices of the School of Music by Signor Stassio Berini, the well-known Italian tenor who was formerly with the Metropolitan Opera House in New York, and his wife, Madame Louise Tozier Berini. A good audience nearly filled the spacious auditorium, and if the applause be taken as an indication, all were well pleased with the music. Signor Berini has a lyric tenor voice of much sweetness and power; his weak spot is in the fact that he is unable to accurately pronounce the English words of his songs, and until the ears of the hearers become accustomed to the peculiar enunciation a certain strain of attention is felt. Madame Berini has a strong and cultivated dramatic soprano voice, of great range, and sang very acceptably. Probably the final number on the program was the most thoroughly enjoyed of all. The program :

"Goodbye" (a)		<i>Tosti</i>
"Berceuse" (b)		<i>Gounod</i>
	Signor Berini	
"Dost Thou Know" from "Mignon" (a)		<i>Thomas Hahn</i>
"Springtime" (b)

"Comin' Through The Rye"		
	Mme. Berini	
"Daybreak" (a)		<i>Rotoli</i>
"Seranata" (b)		<i>Tosti</i>
	Signor Berini	
"Valzer di Musetta" from "La Bohem"		<i>Puccini</i>
"Sunrise"		<i>Wekerlin</i>
	Mme. Berini	
Duet—"Il Misereri" from "Il Trovatore"		<i>Verdi</i>
	Signor and Mme. Berini	

March 20. The annual meeting of the Board of Trustees took place in the Office of the President in Carnegie Hall at 10 o'clock in the morning. The Trustees present were Messrs. E. P. Branch of Melbourne, E. H. Brewer of Cortland, N. Y. and Winter Park, H. S. Chubb of Winter Park, W. C. Comstock of Chicago and Winter Park, L. F. Dommerich of New York and Maitland, James Laughlin, Jr. of Pittsburgh and Zellwood, C. H. Morse of Chicago and Winter Park, Mason Noble of Inverness, and W. R. O'Neal of Orlando. After hearing the reports of President Blackman and Treasurer O'Neal, the meeting discussed various matters of importance, deferring any definite action to a later meeting.

At the close of the meeting, the Trustees proceeded to the President's House, where they partook of an excellent dinner prepared by the pupils of the School of Domestic Science. At this dinner there were present by invitation of the Trustees the following guests: Mr. E. W. Packard of New York City, Mr. Otto Dommerich of New York City, Mr. Thomas Sprague of Altamonte Springs, Mr. Siedenbergh of New York City and Dean S. H. Hodgkin of the college. The table was tastefully decorated with sprays of yellow jasmine in a tall yellow vase, intertwined with the blue and gold ribbons of the college colors. The place cards were silver scales from the 146 pound tarpon caught two years ago at Pass-a-Grille by President Blackman, the fish being the record catch for that year. The following menu was served:

	Grapefruit Cocktail	
	Cream of Celery Soup	Croutons
Olives		Salted Almonds
	Oyster and Macaroni Croquettes	
	Leg of Lamb	Escalloped Potatoes
	Young Carrots	Green Peas
	Pineapple Sorbet	
	Chicken Pillau with Biscuit	
Tomatoes in Aspic		Cheese Sticks
	Strawberry Shortcake with Cream	
Royal Fans		Kumquat Preserves
Peppermints		Coffee

The young ladies selected from the cooking classes to prepare and serve the dinner were Miss Mary Simrall of Ormond, Miss Freda Reed of Oklahoma City, Miss Mary Walker of Sanford, Miss Ines Guiteras and Miss Rosa Heydrick of Matanzas, Cuba, Miss Marjorie Wilkins of Bradford, Pa., Miss Kathryn Bonnell of Chicago, Miss Lila Oslin of West Palm Beach, Miss Katherine Gates of Winter Haven, Miss Gussie Nelson of Matanzas, Cuba, and Miss Helen Mebane of Eustis. The dinner was prepared and served under the direction of Miss Lydia M. Wilde, the efficient director of the Department.

March 22. At 7:30 the fourth social at which dancing was permitted was held in the Gymnasium. The music was furnished by the Winter Park Orchestra, and a large number of former students from Orlando attended, making it even more interesting than usual.

March 23. The third annual High School Track and Field Meet was held on the athletic field, beginning at 2:30 p. m. Five teams had entered the meet, but at the last minute Tampa was unable to come, and Wallace Perry was the sole representative of the Leesburg High School. Plant City, Kissimmee, and Orlando had full teams of four men. Owing to the prolonged dry weather the road was in bad shape, and although the fire hose was run from Carnegie Hall in the morning and the road was thoroughly soaked and rolled, it had dried out by afternoon and was very heavy and slow. Nevertheless, the meet was run off in good time, and proved a success.

The events and results were as follows:

50 yard dash—Edwin A. McQuaters, first; Don Walden, second; Richard Merrin, third. Time, 6 and 4-5 seconds.

440 yard dash—Leonard Liefeste, first; Lacy Johnson, second; Roland Cummings, third. Time, 62 and 4-5 seconds.

Shot-put (12 lb.)—Leonard Liefeste, first; Don Walden, second; Edwin A. McQuaters, third. Distance, 32 ft. 2 in.

100 yard dash—Don Walden, first; Edwin A.

McQuaters, second; Richard Merrin, third. Time, 10 4-5 seconds.

Running High Jump—Wallace Perry, first; Richard Merrin, second; Leonard Liefeste, third. Height, 5 feet.

220 yard dash—Don Walden, first; Edwin A. McQuaters, second; Lester Alford, third. Time, 24 and 4-5 seconds.

Running Broad Jump—Richard Merrin, first; Leonard Liefeste, second; Don Walden, third. Distance, 16 ft. 11¼ inches.

Mile Run—Wallace Perry, first; Fred Fischer, second; Elmer Stute, third. Time, 6 minutes, 3 and 1-5 seconds.

This year for the first time, the trophy shield awarded the winning team will be made a permanent prize, to be held by the winning team for one year and then returned to be contested for again, the team winning it three years in succession to possess it permanently. Plant City will hold the trophy for the coming year, having a total of 44 points in this meet, while Orlando came second with 13, Leesburg third with 10, and Kissimmee fourth with 5. The teams were composed of the following men:

Plant City—Fred Fischer, Leonard Liefeste, Richard Merrin, Don Walden.

Orlando—George W. Buckelew, Roland Cummings, C. G. Magruder, E. A. McQuaters.

Leesburg—Wallace Perry.

Kissimmee—Lester Alford, Lacy Johnson, Norvin Murphy, Elmer Stute.

The officials who had charge of the meet were Prof. Berkeley Blackman, Referee; Dean Samuel H. Hodgkin, Prof. Hiram Powers, and Chauncey Webster, Judges; W. Clay Inman, Timekeeper; Dean S. Pike, Starter; C. A. Boyer, Clerk of the Course; Arthur A. Prentiss, Scorer; Dyke D. Wetherill, Marshal.

March 25. The baseball team played the first game of their trip against the University of Florida at Gainesville. The game was a swatfest for the Rollins boys, who won the game 18 to 3, the largest score ever rolled up by a Rollins team so far as history records. Davis started for Florida, and was driven from the hill in the fourth, in which inning alone

Rollins piled up nine runs; he was succeeded by Buie, who lasted three innings before being shooed to the bench. Coach McLeod finished the game, and was somewhat more successful, although he couldn't keep Rollins from the plate altogether. Rollins rolled up eighteen hits, among which were two two-baggers by Pike, and one each for Vaiden and Boyer. Tommy Vaiden pitched for Rollins, and held the University boys safe at all times.

The Glee Club Quartet, consisting of Messrs. H. S. Pope, D. D. Wetherill, W. Clay Inman, and Berkeley Blackman, sang a number of their favorite songs at the meeting of the Fortnightly Club held at Mrs. Barker's, Mr. and Mrs. E. C. Ewing being the hosts. Miss Julia B. Reed also gave several charming readings. The members of the Fortnightly seemed to enjoy the entertainment immensely, and an invitation was extended the quartet to sing at the Seminole Inn on March 27.

March 26. The second game in Gainesville against the University of Florida was lost by a score of 4 to 3, although the Rollins boys outplayed University in almost every department. All of University's runs came in the second inning, three of them being scored without a ball being hit outside the infield. Vaiden held the hill for Rollins, and pitched a better game than the day before, while Price for the University was hit hard and consecutively at times. In the fifth inning Boyer doubled, and Pike scored him with another double. Roberts walked, and both scored on Lee's double. The feature of the game was Boyer's double play unassisted.

At 6:30 p. m. one of the most enjoyable students' recitals of the School of Music took place. The entire program was well chosen and admirably rendered, and gave indication of the rapid improvement in the work of the pupils. Perhaps the most interesting number on the program was the first public appearance of the orchestra, under the direction of Miss Allen. They played very well, and Miss Allen was given a rousing recall by the audience, in spite of the fact that applause

is forbidden at these recitals. The orchestra is composed of the following persons: first violins, Mrs. Matheson, Elizabeth Krause, Mr. Shivler; second violins, Elizabeth Meriwether, Berta Smith; cornet, Andrew Abik, Gus Moremen; trombone, Ray Trovillion; horn, Girard Denning; double bass, Elmer Harris; piano, Mabelle O'Neal, Mrs. Shivler. The program of the recital:

March 27. The baseball team played Columbia College, and as was universally expected, were defeated, 4 to 2. Columbia had five men who played last season in the Cotton States League, and not content with this means of rendering victory probable, they rendered it certain by obtaining the services of the umpire. The work of said umpire was as rank as Rollins ever played against, which is saying a good deal in this state. Pratt pitched for Rollins, and deserved to win his game under fair conditions, allowing but four hits. Martin started to work for Columbia, but was driven off the rubber in the first of the game, and Tillman took his place. Boyer cleaned up his third two-base hit of the trip.

The Glee Club Quartet, assisted by Miss

McQuaters, soprano, and Miss Mabelle O'Neal, accompanist, gave a delightful program for guests of the Seminole Inn by request. Every number took well with the listeners, and the quartet added to its already great reputation throughout the state. Miss McQuaters and Mr. Inman sang a number of solos, and their voices were seldom heard to better advantage. The quartet work was characterized by the same unity and perfect blending of voices, and vigor and delicacy of execution which has come to be expected of them.

March 28. The second game of the Columbia series in Lake City resulted once more in a defeat by the same score as the day before, 4 to 2. Once more the honors were with Rollins, but playing against ten men, the boys were bound to lose. Outside the crooked work of our opponents, there were no special features of the game.

The second meeting of the Board of Trustees was held in the Office of the President in Carnegie Hall. The meeting was devoted to the further discussion of matters of vital importance to the college, but final action was postponed until a later meeting, and beyond the fact that several important changes are under contemplation, no statement was made for publication.

March 30. A delightful dinner was given at the Seminole Inn by the Kappa Epsilon Sorority to a number of the young men of the college. The place cards were beautifully made, being the sorority's lion head, holding in his mouth a card on which was the name of the guest. The dinner was in the Inn's best style, and that is decidedly good; after the repast the company adjourned to the veranda and octagon, where the beautiful moonlight evening was passed very pleasantly. It was one of the most enjoyable social events of the month. The following guests sat down with the members of the sorority: Prof. Berkeley Blackman, C. A. Boyer, G. C. Bucher, W. Clay Inman, Blish Lee, C. F. McCardell, D. S. Pike, A. A. Prentiss, F. H. Reed, G. D. Romeike, D. D. Wetherill, and G. E. Wilson.

COLLEGE LOCALS

Mr. and Mrs. Alfred Mellenthin, of Minneapolis, visited Miss Florence M. Smith during the early days of the month.

C. A. Boyer, who has been playing center field on the baseball team this season, has signed a contract with the Jacksonville South Atlantic League team, and will soon be leaving for his try-out. His friends wish him all success.

Dr. E. Lyman Hood, President of the Atlanta Theological Seminary and a long-time friend of President Blackman, was a visitor to the campus lately. He was especially interested in the work of Jesse Bonkemeyer, who graduated from the Atlanta Seminary, and is now studying here. President Hood, who has not seen the campus in some years, expressed great delight in the improvements which have taken place.

Herbert and John Duncan received a visit from their mother during the last days of the month.

The Rev. Robert Jones, a Baptist evangelist who is holding meetings throughout the state,

has entered into an agreement with the college by which he devotes one-third of his time to representing Rollins, soliciting students in the towns in which he holds his services.

Miss Eva Wilkins has received a number of very flattering opinions of her play, *The Brogues of Kilavain Glen*, which was presented by the Dramatic Class of the college last year, and which has been published in booklet form. The manager of the New Theatre in New York, who has since established the Little Theatre in the same city, wrote Miss Wilkins a very complimentary letter about her "charming play." Those who remember the play last year will recall that it was one of the most beautiful performances given at the college in the whole history of the Dramatic Class.

At the recent meeting of the Florida Audubon Society, Dr. Blackman was elected President of that organization for the coming year.

Dean Samuel H. Hodgkin and W. Clay Inman, the baritone soloist of the Glee Club, have been wearing Phi Alpha pledge pins around the campus.

FORMER STUDENTS

The Rev. F. P. Eusminger made a short stop on the Campus on the 14th. He took back with him to Tampa a box of the college lantern slides for use in his mission work there.

Miss Nadia Venable visited her brother here over one week end. She is now teaching in Center Hill, Fla.

Prof. Leigh Alexander, who was Professor of Latin at Rollins in 1908-09, has left Princeton, and is now teaching in the Hill School, Pottstown, Pa.

Prof. Raymond M. Alden has left Leland Stanford, Jr., University, and is now at the University of Illinois, Champaign, Ill.

Mrs. Lisle L. Davis, formerly Miss Hesper Inman, is now living at 630 Bellefonte St., E. E., Pittsburgh, Pa.

C. Fred Ward, H. A. Ward and R. O. Ward are all living in Winter Park. Fred is in the poultry and dairying business, Harley is handling the extensive real estate business of Mr. C. H. Morse, President of Fairbanks, Morse & Co., of Chicago, and Raymond handles the gas engines of the same firm.

Miss Harriette B. Layton will graduate from the course in Domestic Science and Arts of Pratt Institute, Brooklyn, this June.

Miss Eugenia Taylor, who has for some time been working in the office of the Gillett Lumber Company in Tampa, is spending a two weeks vacation with her sister in Jacksonville.

Miss Flossie Hill, who was a student at Rollins some fifteen years ago, now owns the finest store in Fort Myers, Fla.

Karl E. Schuyler, who studied at Rollins from 1902 to 1904, is now in the mercantile business in Walton, Fla. He married in 1909 Miss Edith L. Racey of Mt. Elizabeth, and has one son, Charles M. Racey Schuyler.

Roy A. Barnes is in Los Angeles, California, where he is in the employ of the Pacific Hardware Company.

Paul D. Fisher is a 2nd Class Electrician on the U. S. S. Louisiana of the United States Navy. The Louisiana was the flagship of the squadron sent to the naval review at Kiel, Germany, last year, and has recently been engaged in target practice off Guantanamo, Cuba. Mr. Fisher graduated in the electrical class at the Brooklyn Navy Yard.

Arthur L. Slater, who graduated from Rollins in 1909, and afterwards took his M. A. here, will finish his course in the Atlanta Law School this spring. In connection with his work there he is also associated with a prominent law firm of the city. His address is 923-25 Atlanta National Bank Building.

George S. Schoyer, M. D., is engaged in active practice of medicine at 421 North Highland Ave., Pittsburgh, Pa. He is on the staff of the Pittsburgh Free Dispensary, and a member of the Allegheny County Medical Society.

Mrs. C. H. Abbot will once more take a place on the teaching force of the college, where she served for so many years. She will assist Miss Wilkins in the Review Course for Teachers, which opens early in April.

Rufus Robbins is in Titusville, where he is in the law office of his father, Hon. George M. Robbins.

Miss Ida S. Lamson, '08, is teaching music in Grand Forks, N. Dakota.

Chauncey Webster has been in Winter Park with his mother for the winter.

Mr. Worthington Blackman, '09, has been visiting his sister, Mrs. Glancy O. Wallace, in Pittsburgh.

Wm. E. Burrell, who was associated with the college in various capacities for so many years, now has charge of the Y. M. C. A. work in the Canal Zone, Panama.

Herbert A. Martin is in New York City, where he is in the employ of the United Cigar Stores. His address is 390 Wadsworth Ave.

Arthur L. Randall, a student at Rollins several years ago, paid the campus a visit with his wife. He has been engaged in the retail drug business in Michigan, and is now staying for a few days with his father at Altamonte Springs. He is, we understand, thinking of locating somewhere in this part of Florida.

Frank Sloatermen is living in Tampa on Nebraska Ave. His two year old son has had a very severe illness during the past month, but is now pulling through nicely.

Samuel S. Sadler is located in Indian Head, Saskatchewan, Canada.

Miss May Pomroy is in St. Petersburg, Fla., where she is teaching music.

Miss Ruth Rich is the Society Editor of the Jacksonville Times-Union, and we suspect her handiwork in the gratifying notices of the coming Glee Club Concert which have appeared in that paper.

E. R. Blackburn is in the County Tax Assessor's office in Tampa. He is married and doing well.
